**A LOCAL LAW TO ADD A SECTION TO THE GENERAL LAW OF THE CITY OF  
TROY, AUTHORIZING THE CREATION OF A COMMUNITY CHOICE  
AGGREGATION PROGRAM, AND ADOPTING CERTAIN PROVISIONS TO  
FACILITATE PROGRAM IMPLEMENTATION**

---

Be it enacted by the City Council of the City of Troy as follows:

**Section 1. Purpose and Intent**

It is the intent of the City of Troy to establish a Community Choice Aggregation (“CCA”) Program to aggregate the energy supply needs of residents [and small commercial customers], and to negotiate and enter into, or authorize its agent to negotiate and enter into, Energy Supply Agreements (“ESAs”) with Energy Service Companies (“ESCOs”) on behalf of eligible citizens to obtain stable, lower-cost energy prices, as well as environmental benefits and/or a community-based solution to meeting our collective energy needs. The purpose of this Local Law is two-fold: to establish a CCA Program in the City of Troy and to adopt certain provisions relating to the creation and implementation of the CCA Program.

**Section 2. Findings**

- A. New York State’s energy industry is in the midst of a significant transition; a shift away from the old top-down, utility-centered model toward a cleaner, more affordable, more resilient system in which consumers and communities will have a substantial role to play. The State’s ongoing Reforming the Energy Vision (“REV”) initiative emphasizes the importance of reliability and grid-resilience, distributed energy resources, increased renewable generation, and greater opportunity for citizens to take an active role in helping the State reach its energy goals and in making more informed energy choices in their homes, businesses and communities.
- B. As part of this REV initiative, the New York State Public Service Commission (“NYSPSC”), on April 21, 2016, adopted an Order authorizing cities, towns and villages within the State to create Community Choice Aggregation Programs, by themselves or in concert with other municipalities (hereinafter “NYSPSC Order Authorizing CCAs”), and/or to retain a CCA Administrator to implement the program and negotiate ESAs.
- C. CCA Programs allow communities to take control of their energy supply through an open, transparent and competitive electric and/or gas supply procurement process driven by the consumers themselves.
- D. A successful CCA Program offers citizens cost savings, more stable energy prices, deterrence of deceptive marketing practices by unscrupulous ESCOs, fair contracts negotiated directly with energy suppliers, and/or the opportunity to pursue goals and initiatives important to the community, such as reliability, grid resiliency, supporting renewable energy generation, cutting greenhouse gas emissions, protecting the State’s natural resources, and improving energy efficiency.

- E. The City of Troy has explored the CCA policy and background, and believes it would provide numerous benefits in this community, enhancing the public welfare and making energy more affordable and costs more predictable for our residents.
- F. Therefore, the City of Troy authorizes the creation of an opt-out CCA Program pursuant to rules of the NYSPSC in this community for the provision of electric and/or natural gas supply service, as well as other high priority energy related value-added services as may be determined to meet the community's goals.

### **Section 3. Authority**

The NYSPSC Order Authorizing CCAs expressly empowers cities, towns and villages in this state to create CCA Programs. Further, the New York Municipal Home Rule Law, Article 2, Section 10, authorizes a municipality to adopt general laws relating to its property, affairs and government, the protection and enhancement of its physical and visual environment, the protection and well-being of persons within the municipality, and for other authorized purposes.

### **Section 4. Definitions**

**AUTOMATICALLY ELIGIBLE CUSTOMERS:** shall mean customers' accounts in those utility service classes eligible for inclusion in the CCA Program on an opt-out basis, as set forth in the NYSPSC Order Authorizing CCAs, Appendix C, or as otherwise specified by the Commission. Generally, these classes of customers include those receiving residential electric or gas supply service, including those in multi-family housing, certain types of institutions, and some small commercial customers covered by "small general service" class designations. Automatically Eligible Customers shall not include customers' accounts that have already been enrolled in service through an ESCO, enrolled in utility programs which require them to take supply service from their current utility, or that have a block on their utility account at the time of CCA formation<sup>1</sup>; those customers' accounts shall be eligible to participate on an opt-in basis, if they so desire.

**ELIGIBLE CUSTOMERS:** shall mean all automatically eligible customers plus those utility customers eligible for inclusion in the CCA Program on an opt-in basis, as set forth in the NYSPSC Order Authorizing CCAs or otherwise authorized by the Commission. Those customers eligible to participate in the CCA Program on an opt-in basis currently include: those customers already enrolled in service through an ESCO at the time of CCA formation, customers in large commercial, institutional, or industrial utility service classes that cannot be automatically enrolled in the CCA on an opt-out basis, and all other customers not considered "automatically eligible customers." References to the broader class of "eligible customers" shall signify the entire pool of customers participating in the aggregation, either because they have been

---

<sup>1</sup> Except Assistance Program Participants ("APPs"), customers enrolled in utility low-income assistance programs who may have blocks on their accounts with their existing utility, but who may still be eligible to participate.

automatically enrolled on an opt-out basis, or because they have affirmatively opted in.

**CCA ADMINISTRATOR:** An agent of the municipality charged with overseeing creation, implementation and operation of a CCA Program, as well as competitively procuring and negotiating Energy Supply Agreements with ESCOs. The CCA Administrator shall be retained by the municipality via a separate CCA Administration Agreement, adopted by Resolution of the municipality's governing board.

**COMMUNITY CHOICE AGGREGATION (CCA)/CCA PROGRAM:** A Program authorized by the New York State Public Service Commission (NYSPSC) to aggregate residential and commercial electric and/or natural gas supply and/or energy related value-added products and services within a given municipality, and/or among multiple municipalities, in order to leverage that energy demand to negotiate favorable Energy Supply Agreements directly with ESCOs. Customers within a CCA Program would no longer purchase their energy supply directly from their utility. However, the utility would continue to deliver energy to these customers, to charge for that delivery, and will retain its transmission and distribution network. The energy supply portion of a customer's energy service is provided by an ESCO or ESCOs, pursuant to an Energy Supply Agreement competitively procured and negotiated for the CCA Program at large, then delivered to customers via the local utility.

**ENERGY SUPPLY AGREEMENT (ESA):** An agreement between an energy customer and an Energy Services Company (ESCO) to provide electricity or gas service to the customer for a fixed or variable price. For purposes of this Local Law, the CCA Administrator would conduct a competitive procurement on behalf of all eligible customers, and would enter into an Energy Service Agreement(s) with an ESCO to provide power to all such customers in the community.

**ENERGY SERVICES COMPANY (ESCO):** A third-party energy supplier eligible to sell electricity, natural gas and/or energy related value-added services to customers in New York State, utilizing the transmission and distribution systems of existing utilities. ESCOs are regulated by the New York State Department of Public Service and the New York State Public Service Commission, and must comply with the New York State Public Service Law.

**MUNICIPALITY:** Reference to these terms throughout this Local Law indicate the City of Troy, unless otherwise noted.

**UTILITY:** This term refers to traditional electric and/or natural gas utilities regulated by the New York State Department of Public Service and the New York State Public Service Commission and permitted to provide electric and/or gas supply, transmission and distribution services to all customers within their designated service territory. For purposes of this Local Law, the term Utility will refer to NIAGARA MOHAWK POWER CORPORATION d/b/a NATIONAL GRID.

## **Section 5. Establishing Community Choice Aggregation**

City of Troy hereby establishes a CCA Program for aggregation of electric and/or natural gas supply to serve all eligible customers in its jurisdiction. All automatically eligible customers shall be included in the CCA Program on an opt-out basis, and shall be afforded the opportunity to opt-out of the CCA Program, within a specified period, at no cost. All customers who are not automatically eligible to be included in the CCA Program on an opt-out basis shall be permitted to affirmatively opt into the program in accordance with the terms of the ESA and/or the NYSPSC Order Authorizing CCAs.

## **Section 6. Provisions for Implementing CCA Program**

### ***Part A. Implementation Plan***

1. The City of Troy, with support from its CCA Administrator, will create and follow a CCA Implementation Plan which shall outline the details of how the CCA Program will be created and operated, including how public outreach and education will occur, what rules will apply to the Program, how the procurement process will be implemented, how energy contracts will be selected, and how responsibilities will be divided amongst CCA Administrator, municipality, and eligible customers.
2. In accordance with the NYSPSC Order Authorizing CCAs, the CCA Implementation Plan will be reviewed and approved by the Public Service Commission. Such review may involve NYSPSC approval of a generic CCA Implementation Plan, with the understanding that community-specific Appendices would be submitted later and would outline appropriately tailored local education and outreach efforts.
3. Where a generic CCA Implementation Plan will be used, the City of Troy and the CCA Administrator will make community-specific revisions to the Plan's Appendices to ensure the Plan is properly tailored to the needs of the City of Troy's residents. Therefore, prior to or in conjunction with the enactment of this Local Law, and thereafter from time to time, the City of Troy, with support from the CCA Administrator, will create and update a CCA Program Opt-Out Letter, as well as an Education and Outreach Plan, as provided in the Implementation Plan Appendix for this community.
4. The City of Troy Opt-Out Letter and Education and Outreach Plan shall conform to those requirements for public outreach, education, and opt-out procedures set forth in the NYSPSC Order Authorizing CCAs, and in any other applicable laws or regulations, and shall ensure that the City of Troy and its CCA Administrator engage in a robust effort to educate and inform the community about the CCA Program and their options for participating or opting out.
5. Opt-out letters will be provided to all automatically eligible customers no less than 30 days prior to the time at which those customers would be automatically enrolled in the CCA Program. The letters will be printed on the City of Troy letterhead, in official City of Troy envelopes. The logo of the CCA Administrator and selected

ESCO may also be included on these letters, so long as it is clear that the letter is official correspondence from the City of Troy.

***Part B. Public Outreach and Education***

1. The City of Troy, together with its CCA Administrator, will provide public notices, presentations, information sheets, and other forms of outreach, as outlined in the Appendix of the Implementation Plan, to ensure residents are informed about the CCA Program and their options for participating or opting out.
2. Once the CCA Program is operating, the City of Troy and its CCA Administrator will continue to engage in public outreach to keep CCA customers informed about any changes to the CCA Program; opportunities for new products or services available through the CCA Program, such as renewable energy buying options; important terms and durations of ESAs; information about the selected ESCOs; and any other matters related to the CCA Program.

***Part C. Customers Moving into or out of the Community After CCA Adoption***

Residents and small commercial customers who establish utility accounts in this community after the effective date of this Local Law shall be afforded the opportunity to join the CCA Program within a reasonable time after their utility account is established, in accordance with contractual agreements between the CCA Administrator any ESCO(s) providing service to the Program.

***Part D. Customer Data Protection***

The City of Troy, or its CCA Administrator, will create and follow a Customer Data Protection Plan which ensures that any confidential or sensitive personal customer information provided by the utility to the City of Troy, its CCA Administrator, and/or the selected ESCO(s), will be given all privacy protections required by law and regulation, and protected from unauthorized release or use to the greatest extent possible. This Customer Data Protection Plan will ensure that the CCA Program and any selected ESCO(s) handle all confidential or sensitive customer data in keeping those customer data protections already afforded by Utility prior to the enactment of this Local Law.

This Plan will also ensure that CCA customer data, such as contact information, is not used for inappropriate purposes, such as solicitation of business unrelated to the CCA Program, its goals and objectives.

**Section 7. CCA Administrator**

***Part A. CCA Administration Agreement***

The City of Troy will enter into a CCA Administration Agreement with its CCA Administrator. Such agreement will set forth the various rights and responsibilities of the parties, and will govern the manner in which the CCA Program is run. This Agreement shall

also authorize the CCA Administrator to act as the City of Troy's agent for the purpose of procuring energy supply or other energy related value-added services for CCA Program eligible customers.

### ***Part B. Customer Service, Complaints***

The CCA Administrator will provide the City of Troy with clear, up-to-date contact information for customer questions, concerns or complaints. The CCA Administrator shall, from time to time, and/or at the request of the Troy City Council, report to the City of Troy regarding customer service matters.

## **Section 8. Compliance with Public Service Law and Regulations**

In accordance with the NYSPSC Order Authorizing CCAs, it shall be the responsibility of the City of Troy, supported by any CCA Administrator that may be under contract, to ensure the CCA Program is operated in compliance with all applicable provisions of the New York State Public Service Law, regulations of the New York State Public Service Commission and/or the New York State Department of Public Service, the Uniform Business Practices (to the extent applicable), the NYSPSC Order Authorizing CCAs and any other relevant laws or regulations. This provision applies regardless of whether a CCA Administrator is retained to organize and implement the City of Troy's CCA Program. This shall include, but not be limited to, compliance with any reporting requirements related to the CCA Program.

## **Section 9. Review and/or Dissolution of the CCA Program**

- A. The City of Troy will, from time to time, review the CCA Program and its progress to determine how the program is faring, confirm it is affording benefits to the community, and provide information to the public thereon.
- B. As the expiration of its ESA(s) approaches, or in the event an ESCO provides notice of its intention to terminate an ESA (where authorized by the terms of that ESA), the City of Troy may consider whether it wishes to discontinue the CCA Program. Dissolution of the CCA Program will require (1) enactment of a Local Law amending or repealing this Local Law, (2) lawful termination of ESAs in accordance with their terms, (3) lawful termination of the CCA Administration Agreement, in accordance with its terms, and (4) at least 60 days' notice to customers that their energy services will be automatically returned to Utility, an effective date upon which such a change would occur, and information on what other options may be available to those customers, if applicable.

## **Section 10. Conflicts**

~ In the event the New York State Public Service Commission, the State Legislature, or other State agency, enacts laws or regulations regarding the operation of CCAs which are in conflict with this Local Law, the state provisions shall govern.

such service will be ultimately responsible for compliance with all applicable laws, rules and regulations governing retail energy services, and will assume any liability stemming from the provision of such service to retail customers, including any potential liability associated with the service itself, customer data and information, and any other matters which would traditionally fall under the purview of a merchant utility providing the same service to customers prior to the formation of the CCA. This Local Law is meant merely to facilitate the creation of an aggregation program in this community. The City will not assume the role of ESCO or utility in the sale or delivery of energy services.

### Section 13. Severability

Each provision of this Law is severable from the others, so that if any provision is held to be illegal or invalid for any reason whatsoever, such illegal or invalid provision shall be severed from this Law, which shall nonetheless remain in full force and effect.

### Section 14. Effective Date

This Local Law shall take effect upon the filing with the Secretary of State.

Approved as to form, March 5, 2020

When I was reviewing the changes in eCode, I noticed that the very last "City Clerk" had not been changed. It is the last sentence of the ordinance and will need to be amended.

MEMORANDUM IN SUPPORT

In 2019, the City of Troy, following proper procedure under New York State law, took title to the property located at 631 Seventh Avenue, Troy, New York, in a tax foreclosure proceeding. Subsequently, the former owner of the property (the "Debtor") filed for protection under Chapter 13 of the Bankruptcy Law. The Standing Chapter 13 Trustee in Bankruptcy eventually commenced an "Adversary Proceeding" against the City of Troy seeking the return of the subject property to the Bankrupt Estate on the ground that the City had obtained title to the same without paying fair value.

Facing the very real possibility that the City of Troy would be compelled by an Order of the Bankruptcy Court to return the subject property to the Bankrupt Estate, outside Bankruptcy counsel for the City negotiated an agreement wherein the property would be conveyed back to the Debtor, Lynn M. Purcell, but that Deed to the subject property would be held in escrow by the Chapter 13 Trustee. This agreement is specifically conditioned upon the Debtor's payment of all taxes, assessments, and charges (including water and trash/recycling bills), due through December 31, 2019, plus interest at the 36% statutory interest rate, and \$1,200 in attorney's fees, through the Chapter 13 Payment Plan. In addition to all of the aforesaid amounts, the Debtor is also required to pay all post-petition taxes, assessments and charges, including water bills and trash/recycling fees, in full, with interest, and to purchase and maintain liability and fire insurance on the subject premises. This agreement was memorialized in a "Stipulated Order Resolving Adversary Proceeding", dated January 22, 2020, a copy of which is attached hereto and made a part hereof.

In the event that the Debtor fails to obtain confirmation of her Chapter 13 plan or defaults on payments to the Trustee under the plan, or "outside" of the Chapter 13 Plan, or fails to obtain the aforementioned insurance on the subject premises, and then fails to cure any said default within fifteen (15) days after written notice of said default, the Deed being held in escrow by the Trustee in Bankruptcy will be given back to the City of Troy.

This negotiated agreement offers the City of Troy the best possible outcome under these circumstances.

Attachment to Rensselaer Land Trust Bid Proposal for Stanford Ave, Carlyle Ave, Regent Court Paper Streets  
January 29, 2020

Parcels:

Paper Streets, Stanford Ave, Carlyle Ave and Regent Court (part of Euclid Ave subdivision 2011 – 144) as marked by green boundaries on the attached map.

1. Description of Proposed Use

On December 19, 2019 under Ordinance 136 the City Council awarded the sale of four lots to the Rensselaer Land Trust (RLT). The four lots are 3 Stanford Ave, 10 Carlyle Ave, 15 Carlyle Ave and 20 Carlyle Ave (the Carlyle Lots). In its Bid Proposal dated October 30, 2019 for the Carlyle Lots, RLT stated it intended to combine the Carlyle Lots with the adjacent 'paper streets' into a neighborhood open space preserve. We are also seeking to combine with another group of parcels to the south which would ultimately result in a 10 acres neighborhood open space preserve.

The Paper Streets are needed for RLT to accomplish the intent stated in the October Bid Proposal. Without the Paper Streets RLT's stated intent would be rendered impossible. Carlyle Ave currently divides the Carlyle Lots and would provide access from this part of the neighborhood. The marked portion of Stanford Ave is needed because it provides access from the Euclid side of the neighborhood. Stanford Ave is also needed to combine with the additional future land if acquired. Regent Court contains the stream that flows from Coopers Pond down to the Poesten Kill and could help provide access from South Lake Ave if needed in the future.

2. Proposed Improvements.

a) As stated in our October Bid Proposal our intent is to make minimal changes to the open space preserve incrementally over time to ensure that any improvements are appropriate for the neighborhood. One important on going matter would be to keep the open space preserve clean and welcoming including routine rubbish pickup and brush clearing in specific areas. Showing that an open space area is maintained and managed deters irresponsible behavior.

Our experience with our John B Stalesen Vanderheyden Preserve in the Albia neighborhood is a good example. In the Staalesen Preserve, defined paths, a few landscape items such as fences and routine maintenance shows that the area is managed. This deters irresponsible behavior. The open space then becomes a neighborhood amenity where the residents can go for a quiet walk with their dog, their children or by themselves.

b) Improvements would have minimal cost. The work would be done by volunteers. Any material for any future improvements could be paid for by RLT Stewardship funds we have on hand or grants from the NYS Environmental Protection Fund.

3. Proposed Improvement Method.

As mentioned, all work will be performed by volunteers. RLT has a core of volunteers to call on. As also mentioned, RLT has had similar experience with its primary public preserves including the Staalesen Preserve in Troy, Ingalls Preserve in Stephentown and Kinderhook Preserve in East Nassau. Go to the RLT website at [www.renstrust.org](http://www.renstrust.org), click on 'Explore' then 'Preserves' for more information about RLT's public preserves.

Attachment to Rensselaer Land Trust Bid Proposal for Stanford Ave, Carlyle Ave, Regent Court Paper Streets  
January 29, 2020

Request that Assessor Fee and Closing Attorney Fee be Waived.

We request that the Assessor Fee of \$300 and Closing Attorney Fee of \$400 be waived (\$700) for the paper street sale. As noted above, acquisition of the paper streets is a necessary part of our October Bid Proposal for the Carlyle Lots. While City procedure requires an additional bid for the paper streets, practically speaking the Carlyle Lots and paper streets are one transaction as described in our October Bid Proposal. Moreover, RLT will be paying \$1,032 in transaction fees (\$700 Assessor and Closing Attorney) Adding another \$700 for what is essentially part of the same transaction seems unnecessary. We are not asking that the City not charge closing fees. We are asking not to be charged extra closing fees.

Another reason we are making this request is the total cost of this project for RLT. When adding \$3,337 in likely property taxes in connection with the Carlyle Lot purchase and the Carlyle \$200 purchase bid this amounts to a total cost to RLT of \$4,549. RLT is a small not for profit. RLT has the resources to maintain and manage the proposed open space preserve. However, we do have limited resources and we have multiple properties and projects ongoing. We have to allocate our resources with this in mind and budget accordingly. Therefore, we request the Assessor Fee and Closing Attorney Fee (combined \$700) be waived for the paper street sale.

Hello, my name is Diamond Ackerman, I am looking to purchase the foreclosed property on 492 Second Ave in Troy, NY. I am formerly a native of Troy who relocated to the city of Albany. For the property, I plan to renovate and live in and raise my young son. From what I've seen from the outside of the building it needs minimal work, including a new door and maybe some windows. On the inside of the building I plan to gut the kitchen, and the bathroom paint and put new floors down. I have already set aside finances for the materials that are needed. Also, I have a carpenter, electrician, and a plumber ready to help with all the difficult task that the property needs. In my estimates it should take no longer than 4 to 6 months to have the property livable and occupied. I'm excited of possibilities for becoming a resident of the city of troy once again and hopes the city will allow me to take part in this process.

Sincerely,

Diamond Ackerman

Re: Melvin Jackson

To Whom It May Concern:

Dear Sir/Madam: I am writing this letter as a character reference for Mr. Jackson. I have only known Mr. Jackson for about 6 months but I have gotten to know him a bit in this short time. Mr. Jackson came in looking for some assistance and during that conversation with me we talked about his skills. He left me his number and said that if you ever need any help call me.

Well, we are The Salvation Army and we always need some help. I called him to help with a carpentry job that needed attention. He responded immediately and came and really saved the day as it was distribution day and we could not get into the door we needed to get into. We have had to call on Mr. Jackson's skills several times and he has been more than eager to help us. He has a great knowledge of plumbing and general contracting work. He is very resourceful and will rack his brain to find a solution and when he don't know or is not sure he reaches out to other contractor friends for advice.

Mr. Jackson is a gentleman who don't mind giving back to his community. If you need additional information, please call the above number or acquire my cell phone number from Mr. Jackson.

In His Service,   
Envoy Vangerl Pegues,  
Pastor/Administrator.

Re: Portion of Carlyle Ave

Council Members,

During November of 2019, the previous Council approved a portion of Carlyle Ave to be surplus which allowed the property to be sold.

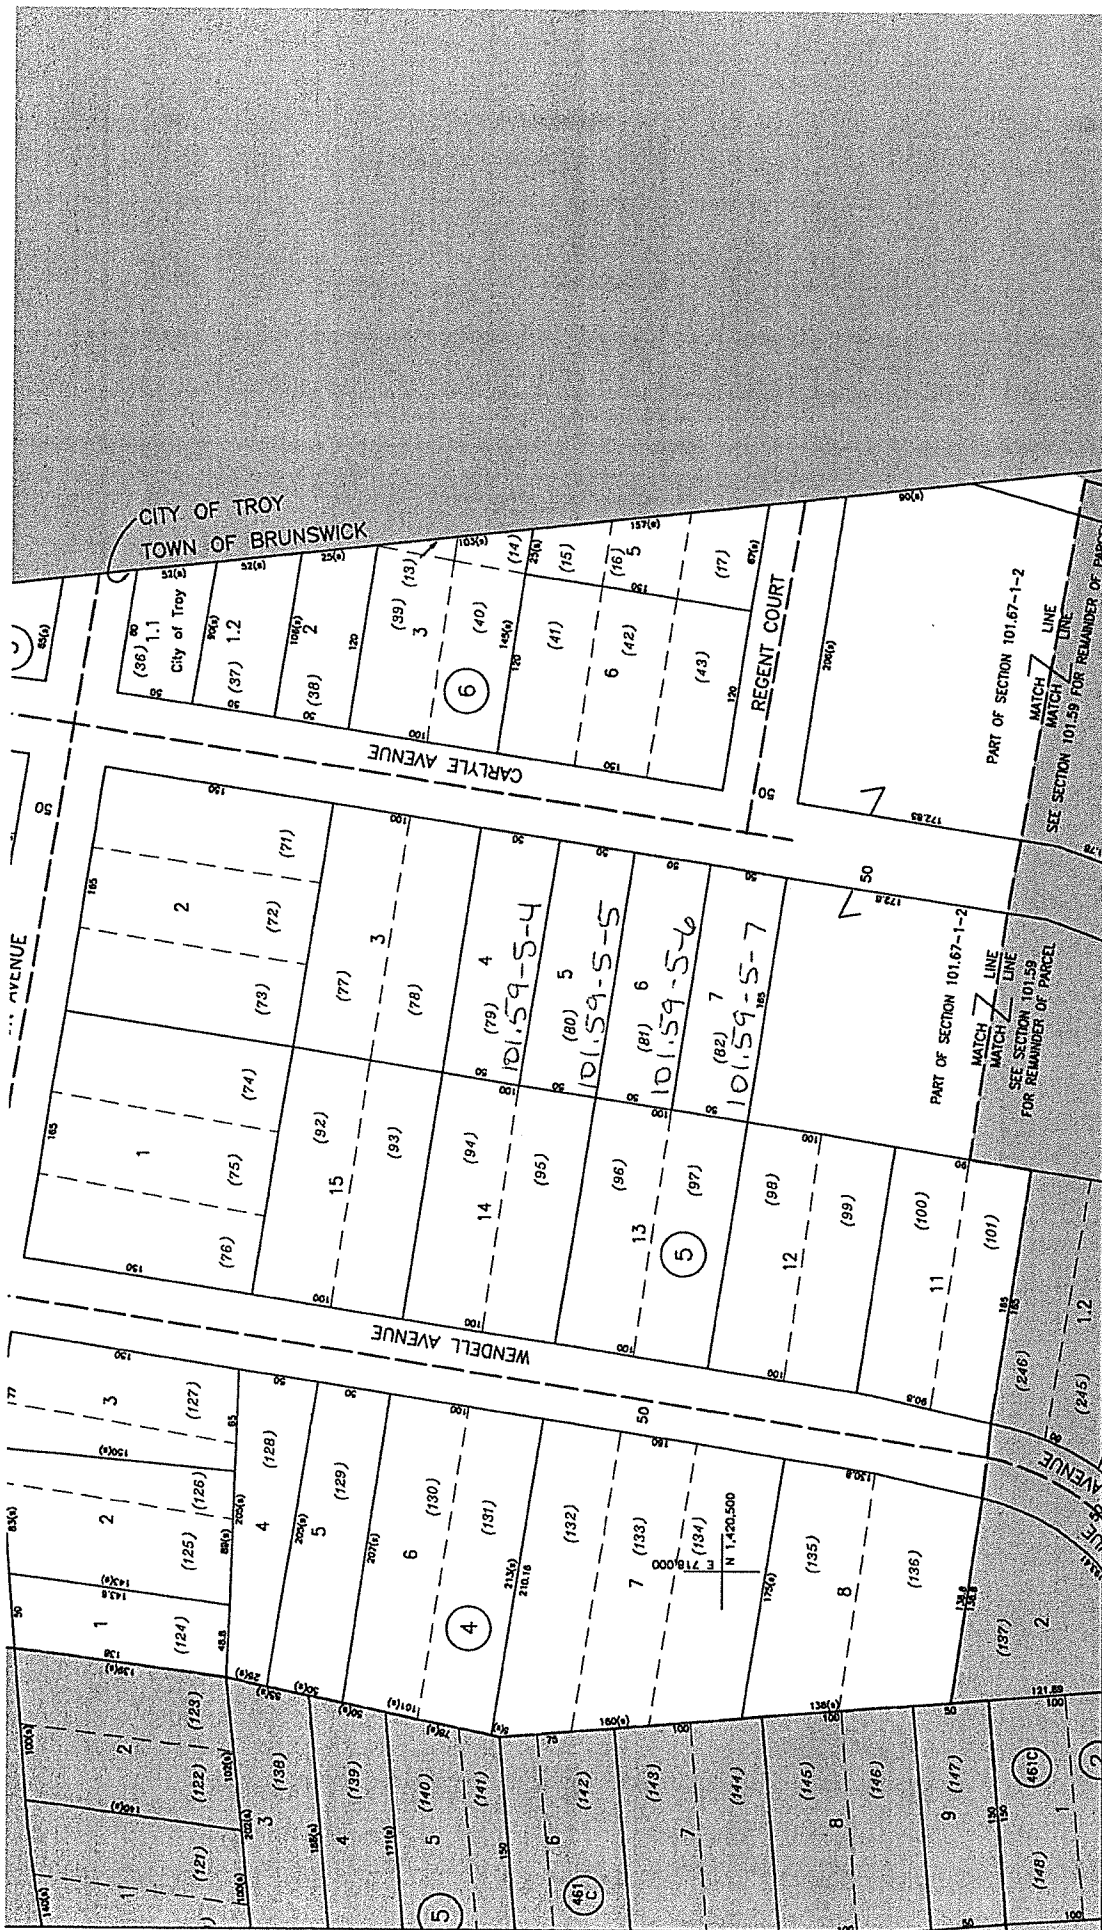

Incorporated with the January bidding, a Proposal was received for a different portion of Carlyle Ave which had **not** been declared surplus. I am requesting approval to declare the portion of Carlyle Ave which borders tax map numbers 101.59-5-4 through 7 to be declared surplus so the City can sell the property to the adjoining land owner. I have verified with Chris Brazen from DPW there is not any infrastructure under the portion of the street desired.

Please see the supporting documentation attached for clarification.

Sincerely,

Sharon Martin, IAO

Sharon,  
I have no record of any public utilities in that area of Carlyle Avenue. Our records indicate the water main in Carlyle Ave just north of that area at the hydrant, and the sewer main ends a bit north of that.

Let me know if you need additional information.

Hi Chris,

I have another inquiry to purchase the portion of Carlyle Ave that joins tax map numbers 101.59-5-4, 5, 6 & 7. I'm checking to verify if there is any infrastructure beneath that portion of the paper street which would prohibit us from selling it?

Thanks so much for your assistance.

### **Memo in Support**

The City Code Section 270-13 is being amended to add the wording Cab-Semi-Cab. These over-sized vehicles being parked in residential neighborhoods have been reported as a negative quality of life issue throughout the City. There was an amendment passed in 2016 to this section of code, but the wording for the Semi Cabs was not listed as an enforcement tool in accordance with Traffic Patrol of the Troy Police Department.

There have been complaints regarding the size and height of the Semi-Cabs which are parked on city streets in front of residential dwellings. In absence of inclusion of such over-sized vehicles in the language of Subsection O, the Troy Police Department lacked the legal authority to cite the owners of such vehicles.

This proposed amendment to Section 270-13-O is intended to include Semi-Cab within the parameters of this subsection.

There is also a fee for violating this section of the code. The fiscal impact will be revenue to the City and is undetermined.

Attn: \_\_\_\_\_

Dear \_\_\_\_\_:

The purpose of this Offer sheet is to set forth the agreement of terms relating to a lease by and between the Thomas A. Knickerbacker and Helen L. Knickerbacker Memorial Playgrounds, Inc. ("Knickerbacker Memorial Playgrounds" or "Landlord") and the City of Troy (the "City") for the property and improvements located at the real property commonly referred to as the "Knickerbacker Ice Arena and Recreation Facility and Knickerbacker Playgrounds" (the "Park")(the "Lease"), subject to the conditions precedent set forth herein, and the execution of a definitive lease agreement between Knickerbacker Memorial Playgrounds and the City consistent with this term sheet and reasonable provisions customary to the Lease transactions contemplated hereby. Upon its execution, the Lease shall supersede and replace any and all prior leases between the parties. The parties agree to the following terms:

1) Lease Terms:

(a) Leased Premises. The Lease shall be for the entire property and improvements for the Park and shall include the real property at which the existing pool in the Park is located (the "Existing Pool Property"). The parties agree to use their best efforts to work cooperatively to determine how title to the Existing Pool Property is held and to correct any title deficiencies which may be present with respect to the ownership of the Existing Pool Property, so that ownership is in the name of the Knickerbacker Memorial Playgrounds. Such efforts may include, without limitation, the execution and filing of a corrective or quitclaim deed and accompanying documentation. Any transfer of property by the City of Troy will be subject to the applicable provisions of New York State Law and the City of Troy Charter.

(b) Lease Term. The term of the Lease shall be for a period of twenty-five (25) years.

(c) Construction of New Pool Facility. The City shall be entitled to construct a new pool facility on the Park, to be located at a site mutually agreeable to the parties (the "New Pool"). The parties shall mutually agree upon the plans, budget and timeframes for the New Pool. It is intended that the New Pool shall be financed through the issuance of tax-exempt bond financing; the Lease shall include terms as may be reasonably necessary in order to provide the bond issuer/lender with protective notice,

default and related provisions. At the expiration of the term of the Lease, the New Pool improvements will be transferred to the Landlord subject to the applicable provisions of New York State law and the City of Troy Charter.

(d) Demolition of Existing Pool Property. Prior to or simultaneous with the construction of the New Pool, the City will demolish and clear any facilities or structures located on the Existing Pool Property, including without limitation the existing pool, will provide Phase 1 or similar testing of the soil on the Existing Pool Property (as is reasonably acceptable to Landlord) to ascertain whether any environmental conditions are present, will report and remediate any environmental conditions that may be found, and will properly fill in, grade and seed the Existing Pool Property.

(e) Rent and Grants. Consistent with the charitable mission of the Knickerbacker Memorial Playgrounds and the historical operation of the Park by the City, the rent paid for the Park shall consist of the following:

(i) Monthly Fees. The City will pay to Knickerbacker Memorial Playgrounds monthly fees in the amount of **five thousand dollars (\$5,000.00)**, payable on the first day of each month to the Knickerbacker Memorial Playgrounds.

Nothing herein shall prevent any member of the Knickerbacker Memorial Playgrounds Board of Directors from simultaneously sitting as a member of the Expenditure Committee. The City may request certain expenditures be made from the monthly fees received by Knickerbacker Memorial Playgrounds for the purpose of purchasing equipment necessary solely for use within the Park to fulfill the City's obligations pursuant to this Lease, but the determination as to the recommendations of said expenditures will remain with the aforesaid five-member committee.

(iii) Meeting of the Expenditure Committee. The Expenditure Committee shall meet no less than six times per year to discuss, propose, and make recommendations to the Knickerbacker Memorial Playgrounds Board of Directors.

(iii) Grant Funding. The City will pursue and apply for grant funding opportunities that have the potential to improve, maintain, or repair the Park grounds, facilities and/or make available public events, on a continuous basis. The City shall provide an annual accounting of all grant funding opportunities applied for on behalf of the Park, and upon reasonable request of the Knickerbacker Memorial Playgrounds Board.   - (iv) Public Events. The City shall allow the Knickerbacker Memorial Playgrounds reasonable authority in scheduling, administering, promoting, and hosting public events in the Park so long as they do not interfere with the City's obligations. The Knickerbacker Memorial Playgrounds shall require the host of any public event within the Park to include the Knickerbacker Memorial Playgrounds as well as the City of Troy as additional insured on a primary and non-contributing basis. Limits of insurance required by the event shall be determined by the type of event and specified in the permit application. The City shall require any events outside of city sponsored events to complete the permit process to utilize and reserve the facilities. If additional staffing is required by permit or requested by the event, the event shall cover the cost of the staffing required. This staffing may include based on the nature of the event, but isn't limited to Parks and Recreation Staff, General Services Staff and Public Safety Departments.
- (g) Maintenance/Repairs. New rules in New York State allow the City of Troy to develop a Community Choice Aggregation (CCA) Program where you and your neighbors increase your individual buying power through a group purchase of electricity. The City of Troy is able to offer residents and small businesses electricity businesses [100% renewable] electricity at competitive and stable rates [which may include 100% renewable if you choose].

With the support of Municipal Electric and Gas Alliance (MEGA), our community has joined a CCA with [XX] others in our region. Through the power of aggregation and a competitive bidding process, [ESCO NAME], was selected to replace National Grid as your default supplier of electricity.

As an eligible Participant, you can easily take advantage of this opportunity. Your electric account will be transitioned to the CCA Program, unless you opt-out by [MONTH XX], 2020. There is no enrollment or switching fees and your new [traditional grid mix/100% renewable] electricity fixed rate will be \$0.0XXX/kWh through [MONTH 202X]. You may opt-out at any time in the future if you decide you do not wish to participate in the program.

If you wish to purchase [traditional grid mix/100% renewable] electricity you can opt-[down/up] into a fixed rate of \$0.0XXX/kWh for a period of XX months. With a fixed rate, you will pay the same price per kilowatt hour each month through [MONTH 202X]. You can opt-[down/up] at any time by calling [ESCO NAME] at XXX-XXX-XXXX.

You will still receive one bill and pay National Grid, your local utility, and can still take advantage of budget billing. National Grid will still be responsible for your electricity delivery, general maintenance and response to power outages. If you have rooftop or community solar you can participate in the CCA.

**Memo In Support**

This resolution authorizes the City to enter into an agreement to finance the cost of the additional set of turnout gear for the Troy Fire Department. As the Chief has previously explained the City will pay for the cost over several years; therefore, under the governmental accounting rules the City must enter into a "Lease/Purchase Agreement." It should be noted however that these agreements are not a "lease" as commonly understood, but rather they are more akin to that of an installment agreement. Repayment will occur over the next five (5) years.

## Memo

To: Troy City Council at the request of City Clerk Droган  
From: Andrew Kreshik, Assistant Planner  
Date: 4 March 2020  
Re: Resolution #33, Supplemental Information

---

Resolution #72, passed by the City Council on October 3, 2019, requires contractors on certain construction projects to have a New York State approved apprenticeship program. To include this condition into boilerplate bid language for this Federal Aid Transportation Project, the city would need the approval of the Federal Highway Administration and United States Department of Labor to do so by first providing detailed information on the requirement and how it would not, in any way:

1. Restrict competition, including but not limited to, competition from smaller firms (including Disadvantaged Business Enterprises), new firms, firms which are fully-staffed with qualified employees and do not have a current need to bring in and train new staff, and firms which are located outside the State of New York.
2. Favor union contractors over non-union contractors; or conversely favor non-union over union contractors.
3. Have an impermissible disparate impact on any person on the grounds of race, color, or national origin, sex, age, disability/handicap and income status.
4. Conflict with Federal Equal Opportunity and Affirmative Action principles and requirements.

Per discussion with Creighton Manning Engineering, consultant to the city for this project, it was learned that local requirements sought to be included in Federal Aid project solicitations are often in conflict with Federal requirements and/or give State lawyers involved in the review process enough pause that advancement of the project's solicitation stops while parties make sure no Federal/State laws are being violated by the supplemental condition(s). Since this project's construction phase is time sensitive, any delay at this time would jeopardize its future.

The NYS Department of Transportation noted that municipalities typically issue a waiver to their local requirements on Federal Aid projects to prevent the cost and delay required for parties to come to an agreement on requirements like these.

To note: Chapter VII of the Project Manual for the South Troy Industrial Park Road communicates encouragement of apprentice programs along with EEO requirements.
